From etching "Ariens" onto our first rototiller in 1933 to stamping our logo onto zero-turn mowers today, putting our name on a machine is a very meaningful moment. It means we believe in that machine, we stand behind it, and we've put everything we've got into it. Because we don't just put our family name on machines, we put our ...

D.I.Y. Lawn Mower Repair: Tecumseh engine manuals

The view of telencephalic evolution that became widespread during the first 60 years of the 20th century was that both birds and mammals shared several basal ganglia structures, namely, an older structure inherited from fish called the paleostriatum (now called the globus pallidus in mammals) and a newer basal ganglia structure that evolved in amphibians but expanded in reptiles and more so in ...
