Sport Jet Boats and Engines Horsepower 90-175HP
I'm looking at a 90 hp Mercury Sport Jet in a Tracker 18' boat. Does anyone know anything about these motors and jet drives? Are they a problem motor, or do they do a good job? I'm going to run up the river arms chasing white bass. I will be going up 2 or 3 riffles above the back water. It is a 1995 model. Any help or suggestions will be appreciated.

Mercury Sport Jet 90 hp
re: mercury sport jet 90 hp too slow About the spline on the impeller, I thought about that but the shaft is actually a threaded rod in which the impeller screws directly on the shaft so there is no option for slippage on that part the gate thing sounds like a possibility but the gate is staying up and out of the way of the nozzle.

I took my boat out and forgot to hook up the water line to cool the engine. when the hot alarm went off i shut the engine off. After i hooked the water line up i started it and it ran fine after cooling off. it ran for 15 more minutes and when i got to shore i went to flush the system with a waterhose. i turned the water on but then the starter burned out i noticed water coming out of the ...

Re: Mercury Sport Jet 90 Engine Problem need advice I have the earlier CDI module aka Switchbox with the red Stator and Adapter. Initially it started after a 1 minute then it got harder to start, then finally after riding for about 50 minutes started to loose power at wot it would only run at 3/4 throttle.
