Connecticut town. When a local professor dies, Paul is asked to write his obituary.

The Geographer's Library by Jon Fasman - Goodreads

Jon Fasman has taken a big chance with The Geographer's Library, his debut novel, setting out a complicated scenario in which a collection of priceless objects is stolen from the titular library and, eventually, scattered and re-collected a thousand years later--with very bad results for the final collector. The geographer is a real person, Al-Idrisi, a Spanish-Muslim philosopher, cartographer, linguist, and scholar who served in the court of King Roger of Sicily in Palermo in the year 1154.
