Typographic Design: Form and Communication: Carter, Rob ...

This is where the line between design and art begins to blur. Both design and art are forms of communication, but design is generally intended to be more functional and more intentional. Even as I say this though, you can see the lines blurring. If you use typography in a piece with no real message or goal – is it art or is it design?

Chapter 3, "Syntax and communication," is for the designers among us, those who use typography as design elements. In this chapter, syntax refers to "the connecting of typographic signs to form words and sentences on the page" (p. 45), and the focus is on placement on the page. Entire sections are devoted to the word, line, column, and margin.
